November 20, 1931

The Treasurer of the United States,
Washington, D. C.

Sir:

Acknowledging the receipt of your letter of the 17th instant (ENC), I have to say in reply that no five-cent nickel pieces of the old design (Liberty Head), bearing the date of 1913, were coined at this Institution, only what is known as the "Buffalo Nickel" having been issued by this Mint during that year.

Respectfully,

Frank E. Shepard, Superintendent

CH:T

November 25, 1931

The Director of the Mint,
Washington, D. C.

Sir:

To enable me to meet the expenses of this institution for the month of December 1931, I have to request that you will kindly cause requisition to be drawn upon the Secretary of the Treasury against the amount allotted this institution for the fiscal year 1932 in the following amount with which I am to be held accountable under my bond dated January 28, 1928:

Salaries and expenses \$16,000.

Respectfully,

Frank E. Shepard, Superintendent

CH:T

November 25, 1921

The Director of the Mint,
Washington, D. C.

Sir:

Referring to your letter of the 14th instant, please be advised that I am forwarding today to the Assayer in Charge at Carson City one ten-inch beam assay balance with the request that you forward to this institution on Government bill of lading his assay balance for repairs and return when the assay balance we have loaned him should be returned to this Mint.

I am very glad to accommodate the Bureau and Mr. Clyde in this matter and the above balance would have been forwarded more promptly but Mr. Moessner could not get it in proper condition for shipment at any earlier date.

Duplicate bill of lading No. T-48002 covering this shipment is enclosed herewith.

Respectfully,

FRANK E. SHOPARD, Superintendent

DENVER NOVEMBER 28, 1931

DIRECTOR OF THE MINT
WASHINGTON D C

COINAGE FOR NOVEMBER TWENTY FIVE THOUSAND DOLLARS
IN DINGS.

Superintendent

Official business - Government rate
of U. S. Mint, Denver.

United States Dept. Interior, Office
November 20, 1931

79 . 0 0 0 0 79 . 0 0 0 0 79

To
The Director of the U.S.G.,
Washington, D. C.

Frank S. Spurgeon,
Superintendent.

November 20, 1931

The Director of the Mint,
Washington, D. C.

Sir:

I have your letter of the 27th instant and in reply please be advised that there should have been an extra charge of \$1.00 on account of over 25% loss in the after-melting weight on October deposit No. 1059 as stated by you and which was noted at the time but inadvertently omitted on the Assayer's certificate and not collected from the depositor. This \$1.00 will be deposited promptly into the Treasury.

Regretting this inadvertence, I am

Respectfully,

Frank M. Shepard, Superintendent

OH:T

December 1, 1931

The Director of the Mint,
Washington, D. C.

Sir:

I have to advise that the melting records in the office of the Weigh Clerk of this institution have been examined for the month of November, and the difference in weight before and after melting, also the percentage of loss in melting, are usual and fairly result from the nature of the deposit in each case.

Respectfully,

Frank E. Shepard, Superintendent

By

Wm. E. Smith

Frank E. Shepard, Superintendent

December 8, 1931

The Director of the Mint,
Washington, D. C.

Sir:

Referring to your circular letter of the 3rd instant, I have had prepared retirement cards for the only employees of this institution who were separated from the service during the period from August 1, 1920, to June 30, 1930, without making application for refund of deductions made from their wages for the Retirement Fund, these cards having been prepared with the thought that the desired information will be supplied the Bureau more satisfactorily in this way.

Application form for the refund of deductions in the case of Raymond M. Williamson was forwarded to the Bureau on November 5, 1931. Repeated efforts have been made to induce Samuel L. Davidson to submit an application for his refund but my efforts thus far have been without success as notwithstanding assurances to the contrary he tenaciously holds to the idea that by signing such an application he would automatically close the doors to his possible reinstatement in the Government service.

Respectfully,

Frank E. Shepard, Superintendent

CE:T
Enclosure

December 15, 1931

The Director of the Mint,
Washington, D. C.

Sir:

Enclosed please find Forms CA-2 and
CA-3 relative to injury sustained by Joseph
Driscoll, employee at this institution.

Respectfully,

Frank S. Shepard, Superintendent

OH:T
Enclosure

December 16, 1931.

The Director of the Mint,
Washington, D. C.

Sir:-

Enclosed please find premium receipts on the official
bonds of the following named employees of this Mint:

Bernard J. Burris	Oscar Hauricha
Robert M. Clark	John W. McCarthy
Erwin O. Ford	George E. Spencer
R. E. Hall	William A. Welch
H. F. Wessner	

Respectfully,

Frank E. Shepard,
Superintendent.

F.

December 24, 1932

The Director of the Mint,
Washington, D. C.

Sir:

To enable me to meet the expenditures of this institution for the month of January, 1933, I have to request that you will cause a requisition to be drawn upon the Secretary of the Treasury against the amount allotted this institution for the fiscal year 1932, in the following amount with which I am to be held accountable under my bond dated January 28, 1928:

Salaries and Expenses \$15,500.00

Respectfully,

Frank E. Shepard, Superintendent

OK:T

December 29, 1931

The Director of the Mint,
Washington, D. C.

Sir:

I am enclosing three proposals which I have received from four invited for 10 Sapphire Dies for wire drawing which are needed by the scale repairer at this institution, the proposal of the Vianney Wire & Die Works, in amount \$27.50 less 2% 10 days, being the lowest of those received.

I am submitting these proposals to the Bureau for approval since this might be regarded as an unusual expenditure and have to recommend that authority be given to accept the proposal of the Vianney Wire & Die Works.

Kindly return all papers with your reply.

Respectfully,

Frank E. Shepard, Superintendent

Official business - Government rate
Charge U. S. Mint, Denver.

January 16, 1932

The Director of the Mint,
Washington, D. C.

Sir:

I have your letter of the 15th instant and in reply please be advised that I do not consider it desirable to make any changes in the penalties of the bonds of the employees mentioned by you save in the case of Mr. John C. Wells, Superintendent of the Coining Department, in whose case I would recommend that it be reduced to \$20,000 which would appear to be a sufficient penalty.

Respectfully,

Frank E. Shepard, Superintendent

OH:T

January 22, 1932

The Director of the Mint,
Washington, D. C.

Sir:

Enclosed herewith please find card forwarded
with your letter of the 19th instant which has been
filled in with the military record of Frederick M. As-
kine, Guard at this institution, as requested.

Respectfully,

Frank E. Shepard, Superintendent

January 22, 1932

The Director of the Mint,
Washington, D. C.

Sir:

I have to request that you will kindly furnish
fifty tuncas of proof gold for the use of the Assay De-
partment of this institution.

Respectfully,

Frank A. Shepard, Superintendent

By

Edgar A. Shepard
Acting Superintendent

OH:T

January 25, 1932

The Director of the Mint,
Washington, D. C.

Sir:

In order to enable me to meet the expenditures of this institution for the month of February, I have to request that you will kindly cause a requisition to be drawn upon the Secretary of the Treasury against the amount allotted this institution for the fiscal year 1932 in the following amount with which I am to be held accountable under my bond dated January 28, 1928:

Salaries and Expenses - \$15,500.00

Respectfully,

Frank E. Shepard, Superintendent.

CH:T

January 25, 1932

The Director of the Mint,
Washington, D. C.

Sir:

I am enclosing voucher in amount \$7.00 in favor of the Pittsburgh Plate Glass Company, covering the furnishing and installing of one piece of plate glass in one of the front doors of this building which was inadvertently broken by the Captain of the Guards a week ago Sunday morning when admitting into the building an employee of the refinery. An investigation did not disclose that this accident was due to any carelessness or negligence on the part of either employee.

As the security of the building and the health of the Guards stationed at the front entrance would have been jeopardized by not replacing this door glass at once, I obtained four proposals for its immediate installation and accepted the lowest bid received in accordance with Section XI (1) of "Instructions to Custodians of Public Buildings" - all proposals received being enclosed herewith, together with voucher for your approval and transmission to the Supervising Architect.

Respectfully,

Frank E. Shepard, Custodian

premium receipt being attached thereto.

Please also find signature cards which have been
properly filled out.

Respectfully,

Frank E. Shepard, Superintendent

OH:T
Enclosures

February 2, 1922

The Director of the Mint,
Washington, D. C.

Sir:

Referring to your letter of the 26th ultimo, please find enclosed duplicate copy of receipt covering \$1.00 additional melting charge collected on October deposit No. 1069 as requested by you.

I regret the trouble which has been caused by the handling through the account current of charges collected for the unofficial use of the official telephone and have to say that the procedure as outlined under paragraph 5 of General Regulations No. 40 would have been followed in this instance had the officials of the telephone company been willing to accept payment of these charges prior to rendering the Mint's bill at the close of December. No trouble was experienced prior to that month owing to the fact that such procedure had been followed and the telephone company has since again agreed to permit the payment of unofficial calls without stating them on the official bill and I trust no further trouble will be caused the Bureau in this matter.

The December regular account current is enclosed herewith after amendment as indicated by you and I trust will now meet with your approval.

Respectfully,

OM:T

The Treasurer of the United States,
Washington, D. C.

Sir:

I have your letter of the 1st instant and in reply have to advise that the shipment of \$69,296.56 in light-weight gold and \$40,000.00 in uncurrent silver dollars from the Federal Reserve bank of Kansas City - transfer advice No. 216 - arrived at the depot in Denver at one P.M. on October 7th. I was advised by the post office that some difficulty was encountered in obtaining a truck for transporting this shipment to the Mint, at which point it arrived at 3:50 P.M. the same day, together with a shipment of \$32,940.00 uncurrent coins from the Federal Reserve Branch Bank of Oklahoma City - transfer advice No. 204 - which arrived on the same day at two P.M. Owing to the time required to check these shipments, it was impossible to enter them into our accounts until October 8th, on which date copies of Form 12 were received from both banks mentioned.

Trusting this information will be satisfactory to you,

I am

Washington, D. C.

Sir:

Referring to the \$198,000. allotted this institution for the fiscal year 1932 (\$173,000. Personnel and \$25,000. Other), I have to advise that in order to meet the basic pay on my present pay roll and the necessary over-time and have a small balance left for any unforeseen contingencies to June 30th, I would recommend that \$1,500. be transferred from the amount segregated as "Other" to the Personnel account.

At the close of March 31st I have an unexpended balance in the Expense Account of \$8,086. and estimate that I will require approximately \$1,500. more than now remains in the Personnel Account to meet the probable payments to the close of the present fiscal year. The balance then remaining in the Expense Account is believed would be ample for all probable expenditures in that account.

Respectfully,

Frank E. Shepard, Superintendent

April 8, 1932

The Director of the Mint,
Washington, D. C.

Sir:

I am enclosing two letters from John R. Wolff, President of the Logan Metals Company, Boulder, Colorado, dated March 29th and April 2nd which are self-explanatory, together with a copy of my letter in reply to Mr. Wolff's letter of the 29th ultimo.

In reply to Mr. Wolff's letter of the 2nd instant I have advised him that the matter has been referred to you for your decision in the matter and accordingly have to request that you will kindly advise me if you consider it proper for me to supply Mr. Wolff with the desired copy of returns made the Electra Engineering & Development Company on its small deposit at this institution which upon receipt here weighed 5.75 troy ounces with a value of \$27.96.

Kindly return the enclosed papers with your reply.

Respectfully,

FRANK E. SHEPARD, Superintendent

The Treasurer of the United States,
Washington, D. C.

Sir:

Enclosed please find letters of the Flat Gold Mining Company, Inc., H.E. Moss, Treasurer, dated March 31, 1932, and April 4, 1932, together with copy of my letter to said company dated April 2, 1932, relative to non-receipt of bullion check No. 16171, dated March 17, 1932, in amount \$82.72, payable to the Flat Gold Mining Company, Inc., Price, Utah, in payment of deposit No. 2259 at this institution. As this check has not been returned to the Mint and apparently has not been received by the depositor, I have to request that payment thereon be stopped by your office.

The last statement of account received from your office of bullion checks issued is for the period January 26, 1932, to February 25, 1932, inclusive.

Respectfully,

Frank E. Shepard, Superintendent

Sir:

Replying to your letter of the 14th instant,
please be advised that the penalties applying on the of-
ficial bonds of the employees mentioned are satisfactory
to me and I would suggest that no changes be made in re-
gard thereto.

Respectfully,

Frank W. Shepard, Superintendent

OH:T

April 21, 1932

The Director of the Mint,
Washington, D. C.

Sir:

Answering your letter of the 16th instant relative to the item of 250 linen lined printed pay envelopes included in my requisition of the 7th instant, I have to say that if it would be convenient for the Bureau to furnish this institution with 250 strong manila or kraft paper envelopes 3-3/8" x 6" with open ends without any printing thereon for use as pay envelopes in lieu of the printed linen envelopes the former would satisfactorily meet our requirements.

Regarding the method used at the Treasury Department of using an envelope for each person on each pay day which is retained by the employee, I have to say that while such a method could be used here without the necessity of keeping any additional records to those now kept, this method would result in the use of 24 envelopes for each employee during the year or a total of practically 1900 for the year.

The manila or kraft envelope now requested could be mimeographed at the Mint with the name of the employee thereon and could be used repeatedly until worn out and I believe in the

and would be more economical than the method used at the Treasury Department since only 250 envelopes of the kind suggested would be sufficient for our use for the year.

Trusting this suggestion will meet with your approval and that strong manila or kraft paper envelopes with open ends may be furnished, I am

Respectfully,

Frank E. Shepard, Superintendent

May 3, 1932

The Director of the Mint,
Washington, D. C.

Sir:

I have to advise that the melting records in the office of the Weigh Clerk of this institution have been examined for the month of April, 1932, and the difference in weight before and after melting, also the percentage of loss in melting, are usual and fairly result from the nature of the deposit in each case.

Respectfully,

Frank E. Shepard, Superintendent

May 3, 1932

The Director of the Mint,
Washington, D. C.

Sir:

As requested in your letter of the 23th ultimo, I am enclosing a list of employees of this institution who are now on extension on account of retirement and also those who will reach retirement age during the fiscal year 1933.

You will please note that one of those who will reach retirement age during the fiscal year 1933 is Mr. Moessner, Scale Repairer at this institution, and who as a mechanic is in the 65-year class. In view of the fact that Mr. Moessner's work is somewhat different from that of mechanics generally, it is my judgment that it would be in the interest of the service if this position could be put in the 70-year class, and I accordingly recommend that this be done if possible as it does not appear from pending legislation that it will be possible to grant him any extensions - his training and experience being invaluable to the Mint service.

Respectfully,

Frank E. Shepard, Superintendent

Dear Mr. Grant:

I have your letter of the 9th instant enclosing report of tests made by Mr. Coleman of the various samples of crucibles submitted to the Philadelphia Mint and am very glad to have the opportunity of noting the comparative results obtained by him.

Before submitting to you my recommendation for the purchase from the Chicago-Haughton Crucible Company of the graphite goods needed at this institution, I took into consideration the results obtained here on samples received from that company which were as follows:

	<u>Chicago-Haughton</u>	<u>Dixon</u>
Deposit Melt. Room, Cr. No. 50 - 27 melts		Average 3, Dixon 11 melts
Ingot Melt. Room " " 80 - 42 " (Brs. Ings.)		" Dix. & Ves. 30 "
Refinery Melt. Room " " 80 - 69 " (Sil. Anodes)		Dixon 72 "

I remember very well the batch of crucibles purchased some years ago from the Gaultier Crucible Company without first having made tests of their crucibles and have since been very careful not to recommend to you the purchase of any crucibles which have not

previously been subject to test.

I am returning herewith two copies of Mr. Coleman's report, having retained one copy for my files.

Respectfully,

Frank E. Shepard, Superintendent

June 25, 1932

The Director of the Mint,
Washington, D. C.

Sir:

Referring to my telegram of the 1st instant requesting authority to break the joint seal of a compartment in the main storage vault containing \$7,570,000 circulated double eagles and weigh them in anticipation of receiving instructions from the Treasurer of the United States for their shipment to the federal reserve banks, I have to advise that these coins were received from the former subtreasuries at Chicago and Saint Louis in 1920, and after being counted and weighed by the sack were later put under seal by the settlement committee in June 1923.

Having been advised that it was not the practice at that time to weigh such coins piece by piece if the sacks of \$5,000 were within the legal limit and contained the full amount, I thought it proper to pass all such coins over the automatic scales to prevent the shipment of any coins under the least current weight which might be included therein.

Upon receiving your authority under date of June 2nd to break this seal and weigh these coins, I had them all carefully weighed individually, which resulted in disclosing the presence of a large number of unfit

The Director

-2-

6/25/32

coins in these shipments as exhibited in the following table:

Rec. from	Face Value	Uncurrent	Lt. Weight	Bulk Weight	Bullion Value	
					Piece Weight	
St. Louis	\$7,480	\$2,020	\$5,460	\$5,414.70	\$5,411.72	
Chicago	2,880	1,260	1,620	1,602.98	1,602.14	
	\$10,360	\$3,280	\$7,080	\$7,017.68	\$7,013.86	
		Less from face value		62.32		
				<u>\$7,080.00</u>		

Please advise as to the further disposition of these coins, which are now carried as current coin.

Respectfully,

Frank E. Shepard, Superintendent

Hon. E. J. Grant,
Director of the Mint,
Washington, D.C.

Dear Mr. Grant:

George M. Hill, employed as skilled workman at this institution at \$5.10 per day, reaches his retirement age of 65 on September 4, 1932, and in view of his long service here and to the fact that he has a family to support, I wish to ask if it would be possible to have his designation changed to a sub-clerical position in the 70-year class without change in his present rate of compensation in order that he may be retained in the service.

Mr. Hill has considerable clerical ability and could be very usefully employed in the cashier's office in stamping certificate bars, assisting in the preparation of shipments and at odd times do some of the calculations in connection with deposits when one of the present clerks now engaged in that work is absent.

As you perhaps recall, we have had a vacant clerkship in this institution for about two years and if Mr. Hill could be designated as bar clerk, or any other title that would place him in the 70-year class, I would deeply appreciate your kindness in the matter and I know that he too would be very grateful to you for your good offices.

Kindly advise me if you approve of this and if so, I will write a formal letter of recommendation in the premises in accordance with any suggestions you may kindly offer.

Respectfully,

Frank E. Shepard, Superintendent

The Treasurer of the United States,
Washington, D. C.

Sir:

Referring to your circular letter of the 8th instant (AMS-C) relative to my letter to you of the 2nd instant requesting stoppage of payment on check No. 17404, dated July 11, 1932, Symbol 15-106, in amount \$131.99, payable to Louis Politzer, I am enclosing herewith a letter from him dated July 28th bearing two specimens of his signature, and have to state that with my letter to you of August 2nd, I forwarded two letters from Mr. Politzer bearing his signature - these letters being dated July 20th and July 29th, 1932.

Respectfully,

Frank E. Shepard, Superintendent

CH:T
Enclosure

August 15, 1932

The Director of the Mint,
Washington, D. C.

Dear Mr. Grant:

I have your letter of the 11th instant enclosing communication from the Gardner Agency of this city in reference to the delinquent payment of the premium on the bond of Lon Williams of this Mint with the Hartford Accident & Indemnity Company, and have to advise that this bond bears the date of March 29, 1931, and is in the penal sum of \$1000, and that Williams paid the first premium thereon, in amount \$1.35, the receipt having been forwarded to your office on April 8, 1931.

It was understood by Williams at the time this bond was executed that the annual premium would be \$1.35, and I believe the bond bears the notation - "The annual premium on this bond is \$1.35 per \$1000."

When the second premium payment became due on March 29, 1932, the Gardner Agency billed Williams for \$5.00 instead of \$1.35, and I advised Williams to tender them the payment of \$1.35, which it appears would be the rate that should be charged during the life of this bond, and he informs me that he did so, and this payment was refused.

If, however, the bonding company has the privilege of changing the annual premium rate after writing the bond, may I request that a new form of bond in the penal sum of \$1000 be furnished Williams for execution by another company, as the Gardner Agency is the only one here, so far as I am aware, that has attempted to raise its premium rate after executing the bond or who charges in excess of \$1.35 per \$1000 for such bonds.

Respectfully,

Frank E. Shepard, Superintendent

August 15, 1932

Mr. Pete Balans,
La Veta, Colorado.

Dear Sir:

Referring to your small consignment, weighing upon receipt here 2.03 troy ounces and consisting principally of mercury, I have to advise that the minimum weight of deposits of raw gold accepted for purchase by the Mint is two full troy ounces, under which conditions I regret to say that the Mint can not purchase this small consignment forwarded by you.

If you can send two ounces more of gold free from mercury, I should be glad to have you do so, and it will be added to your small deposit now on hand, although the Mint does not make a practice of receiving amalgam. If you are unable to increase the weight of this deposit, it will be returned you upon receipt of the necessary postage and insurance.

Respectfully,

Frank E. Shepard, Superintendent

OR:2

August 13, 1932

Southwest Smelting & Refining Company,
108 East Tenth Street,
Fort Worth, Texas.

Gentlemen:

Referring to your letter of the 14th instant in which you state you are forwarding $31 \frac{2}{10}$ ounces of miscellaneous gold, I have to advise that upon receipt here this material weighs 30.25 troy ounces which would be only $\frac{5}{100}$ of an ounce less than the individual weights by pennyweights as given by you which totals 306 pennyweights which is an equivalent of 30.30 troy ounces.

Before proceeding to treat this material, however, I have to request that you will advise me if the weight as received here is satisfactory to you.

Respectfully,

Frank E. Shepard, Superintendent

ON:T

August 15, 1922

Mr. Hallie E. Nester,
421 Monroe Avenue,
Evansville, Indiana.

Dear Sir:

Answering your letter of the 2nd instant, you are advised that the Mint will purchase scrap gold and articles of old jewelry when sent in lots have a value of \$100.00, or over, provided, such deposits contain at least one-fifth of their weight in pure gold, or pure gold and silver. If this proportion of the precious metals is doubtful, sufficient high grade silver should be included to be sure that the deposit will meet this requirement.

The Mint pays \$20.67 for each troy ounce of pure gold contained in deposits and the New York market price, less the fraction, for silver, deducting from the proceeds \$1.00 for melting up to 1000 ounces, and a treatment charge varying from $\frac{1}{16}$ to $\frac{3}{16}$ per ounce, determined by the amount of base metal contained in the material.

Each consignment must be accompanied by a letter of advice.

Respectfully,

Frank E. Shepard, Superintendent

August 15, 1932

Mr. J. W. Fly,
P.O. Box 485,
Fairfax, Oklahoma.

Dear Sir:

Replying to your inquiry of the 12th instant,
please be advised that the Mint is not equipped to make as-
says of mineral bearing specimens, but reliable work of this
kind can be done for you by the United States Assay Office,
Salt Lake City, Utah, at the following charges for each sample:

Gold	-	\$1.00	Copper	-	\$2.00
Silver	-	1.00	Zinc	-	2.00
Lead	-	1.50			

Money order for the proper amount payable to that
office must accompany your samples.

Respectfully,

Frank E. Shepard, Superintendent

CH:T

August 15, 1932

Mr. R. L. Bailey,
Wagner, Montana.

Dear Sir:

Answering your letter of the 12th instant, addressed to Mr. Hiarichs, you are advised that if the gold to which you refer is placer or raw gold, the Mint will purchase it in lots having a weight of two full troy ounces of gold or over at the rate of \$20.67 for each troy ounce of pure gold contained therein, less a melting charge of \$1.00 and a treatment charge which is determined by the amount of base metal associated with the gold.

Should you forward any gold here, kindly accompany same with a letter of advice which should state the source from which the gold has been produced.

Respectfully,

Frank E. Shepard, Superintendent

Sir:

Referring to your letter of the 6th instant forwarding ten blanks to be filled out by those persons at this institution authorized to sign in the temporary absence of the Superintendent, please be advised that I have had five of these blanks filled out bearing the official signature of the Chief Clerk, Mr. Oscar Hiarichs, and have amended the other five to bear the signature of the Superintendent or Coining, Mr. J. C. Wells, whom I would like to have the authority to sign should both Mr. Hiarichs and I be absent for any reason at the same time.

Respectfully,

Paul E. Shuman, Superintendent

September 16, 1932

The Treasurer of the United States,
Washington, D. C.

Sir:

Referring to your letter of the 3rd instant concerning the light-weight coins found in the shipment of circulated eagles forwarded by this institution to the Federal Reserve Bank in New York City in June, last, I have to advise that both the light-weight coins, in amount \$2,940.00, and the tags from the sacks in which these coins were found have been received from said bank - the tags disclosing that exactly one-half of these coins were received from the former subtreasuries at Chicago and St. Louis in 1920 and the other half from the Federal Reserve Banks at San Antonio, Houston, El Paso and Dallas in 1931.

It is, of course, impossible to identify the particular coins which were received from the subtreasuries and those from the Federal Reserve Banks but as all of the coins from the latter were weighed on our automatic scales and thereafter on the "coin test scales", while those from the subtreasuries were weighed only in drafts of \$5000, a re-weigh seemed to be the only way to segregate the coins from these two sources. This separation I have endeavored to make by putting them all over the automatic scales and then weigh-

-2-

ing them individually on the coin test scales, charging these to the subtreasuries which it would appear impossible to have passed over the automatic scales and coin test scales without being thrown out as light-weight coin.

The following 147 pieces have been segregated as being from the former subtreasuries:

<u>No. of Pieces</u>	<u>Weight of each</u>	<u>Deviation from least Current Weight</u>
4	256.66 grs.	-0.05 grs.
12	256.65 "	-0.06 "

	<u>\$2,940.00</u>	<u>157.11</u>		

-- 4 --

I have to state that it has been the practice here ever since the weighing of circulated gold coins by drafts was discontinued to weigh such coins to .05 of a grain above the least current weight on the automatic scales, and then weigh individually to .01 of a grain above the least current weight on the coin test scales all coin discharged by the automatics on the condemned side and in frequent tests this practice has proved satisfactory. All of the eagles from the Federal Reserve Banks above referred to were weighed in this manner, and I am therefore unable to account for the presence of 92 light-weight coins in this shipment except by assuming that the frequent handling, such as being whirled at great speed through the counting machines, being poured in to the scale pan for net weight of \$5000 drafts, and then being poured into sacks and transported to vaults; then again handled in being prepared for shipment and again weighed and counted at destination, must have caused sufficient abrasion to reduce the weight of these coins.

Kindly advise me as to your farther instructions regarding the disposition of these coins.

Respectfully,

Frank E. Shepard, Superintendent

The Director of the Mint,
Washington, D. C.

Sir:

Referring to the absence of Mr. E. J. Wager, as noted on my monthly report of absences for August, consisting of 12 days sick leave (making a total of 30 days during this calendar year), 3 days accrued furlough and 15 days without pay, I have to state that it was necessary for Mr. Wager to undergo a major operation early in August which necessitated all of this absence, and he was not able to return to duty until the 1st of September, and I beg to ask if the records could not be changed in respect to the 15 days without pay and charge them to furlough absence in order that the future deductions in Mr. Wager's pay for furlough deductions will be reduced accordingly, adjustment to be made on the current pay roll.

Respectfully,

Frank E. Shepard, Superintendent

The Director of the Mint,
Washington, D. C.

Sir:

I am enclosing two communications under date of the 9th and 20th instant from the Superintendent of Fire and Police Telephones in this city relative to the police box equipment in this building, which letters are self-explanatory.

As you will perhaps remember, we purchased this signal box from the Gamewell Fire Alarm Company several years ago for the purpose of notifying the Police Department in case of an emergency, and as a precautionary measure calls are made each night on the half-hour to the Police Department.

The box as now equipped has a telephone connected direct to Police Headquarters, for which we pay the Mountain States Telephone Company a yearly rental of \$2.

I consider this box a great protection to the Mint and earnestly recommend that authority be given me to purchase the telephone equipment connected therewith and make the changes in the recording device as explained in the enclosed communications at a total estimated cost of \$25.25.

Respectfully,

September 30, 1933

The Director of the Mint,
Washington, D. C.

Sir:

I have your letter of the 23rd instant forwarding communication under date of the 20th instant from the General Accounting Office requesting explanation of the reasons why definite or estimated amounts were not specified in the agreements pertinent to contracts T&M-94, T&M-95 and T&M-98, covering the furnishing of castings and acids to this institution during the fiscal year 1933.

Replying to the communication of the General Accounting Office, I beg to state that contracts T&M-94 and T&M-95 cover gray iron castings and chrome nickel castings, the principal items of which are ingot molds, anode molds, fine gold molds and feed cylinders for annealing furnaces, the number of castings to be furnished for ingot molds and feed cylinders for annealing furnaces depending very largely upon the amount of coinage to be executed; the anode molds and fine gold molds depending upon the amount of bullion treated in the refinery and the number of months the refinery would operate, the operations of the refinery also determining to a large extent the amount of acids to be purchased under T&M-98 with the Hine and Smelter Supply Company, as nearly all the acids are used for refining.

Owing to the entire lack of any coinage demands, or any knowledge as to whether our refinery would be permitted to operate

The Director

-2-

9/30/32

the usual nine months or be shut down the entire year as a result of the economy measures before Congress when bids for these services were being solicited, no estimates of even the approximate quantities of these various items having any value could be furnished at that time; any estimate likely to prove misleading to the bidder. For instance, a demand for any denomination of coin would probably necessitate the purchase of a large number of ingot molds and unless good service were had from the feed cylinders now in use, several feed cylinders for the annealing furnaces would be required; or if the refinery were shut down for the entire year or operate only four months as in the year 1929-30, instead of the usual nine months, any one of these conditions would alter very materially the amount of acids to be purchased and the number of anode or fine gold molds needed. Any estimate based on any one of these conditions would be completely upset by either one of the other two obtaining - all three conditions being of equal probability. Contractors were therefore requested to bid on such amounts as may be required during the fiscal year 1933 for all three of these services.

It is believed that the specifications covering the items embraced in these three contracts are complete except as to the quantities which may be desired, and in all instances in inviting bids on supplies or services at this institution particular care is exercised to inform the prospective bidders as far as possible

The Director

--3--

9/20/32

of the nature of the articles or services desired; all particular brands are eliminated and where full information can not be supplied on our proposal form, the bidder is requested to visit the building and inform himself of the conditions in order that he may make an intelligent bid.

The letter of the General Accounting Office under date of the 20th instant is returned herewith.

Trusting this explanation will meet with your approval,

I am

November 11, 1932

The Treasurer of the United States,
Washington, D. C.

Sir:

Enclosed please find letters dated November 4, 1932, and November 9, 1932, from A. Simoni, relative to check No. 19365, dated October 25, 1932, in amount \$114.30, Symbol No. 15106, issued to him by me in payment of his deposit at this institution under date of October 20, 1932.

As Mr. Simoni states in his letter of the 9th instant that this check has not yet been received by him, I have to request that you will kindly stop payment thereon.

The last period of account covered by statement from your office is from August 29th to September 27th, 1932.

Respectfully,

Frank E. Shepard, Superintendent

MEF:T

December 12, 1932

The Director of the Mint,
Washington, D. C.

Sir:

Replying to your letter of the 7th instant pertaining to the accounts of this institution for the month of October, I am returning herewith assay returns Nos. 2374 and 2460 with a notation that the extra charge on each was due to the presence of white gold alloy.

Our copy of the pay roll for October 31st bears the notation in the "Remarks" column opposite the name of G.F.W. Brierley "Furlough completed" - he being the only employee for whom the full deduction for the fiscal year had been completed. This notation was omitted on the pay rolls for November, it being thought that making the notations on the pay roll following the completion of the furlough would be sufficient. In future, they will be entered for each employee as the deductions are completed for the fiscal year.

Respectfully,

Frank E. Shepard, Superintendent

Frank E. Shepard, Custodian

ECF:T
Enclosure

December 14, 1932

The Director of the Mint,
Washington, D. C.

Sir:

Enclosed herewith please find copy of letter to you dated May 3, 1932, relating to the status of Ernest P. Moessner who will reach the age of sixty-five on February 16th, 1933. He is now rated as a mechanic in the 65-year class.

Mr. Moessner's ability and training qualify him with the highest grade of mechanical skill, specializing in the construction, adjustment and repair of balances and scales used in the Mints and Assay Offices.

In addition to his satisfactory services in the duties of this Mint, he has served, under official instructions, other Mints and Assay Offices of the Bureau.

In order that his valuable experience and skill may be preserved for the good of the service, I respectfully renew my recommendation that Mr. Moessner be transferred to the 70-year class.

Respectfully,

Frank E. Shepard, Superintendent

PES:T
Enclosure

December 14, 1932

The Director of the Mint,

Respectfully,

Frank E. Shepard, Superintendent

HSP:T

December 15, 1932

The Director of the Mint,
Washington, D. C.

Sir:

Having reference to the receipt of the 25 revolvers, Colt, caliber 45, furnished this Mint as per letter of the Chief Clerk of the Treasury Department, under date of November 1st, last, I have to state that it has been found that the holsters for the Colt, caliber 38 revolvers previously in use here are too small to hold the 45-caliber revolvers. I therefore wish to ask if 25 other holsters can be supplied for the use of this equipment and the old ones turned in in exchange.

Of the old equipment, we have on hand -

Holsters	- - - 56	- 9 unservicable
Belts, waist	- 43	- 7 short
Cartridge Boxes	56	- 6 short

If the new holsters can be supplied, we can use 25 belts now on hand and turn in the balance of the old equipment, including the holsters and cartridge boxes.

Respectfully,

Frank M. Shepard, Superintendent

BCF:T

December 15, 1932

The Director of the Mint,
Washington, D. C.

Sir:

Referring to your reference of November 2nd, last, on the letter from the Chief Clerk of the Treasury Department of the 1st ultimo, in regard to supplying this Mint with 25 revolvers, Colt, caliber 45 and ammunition therefor, I have to state that this equipment has been received and the 62 revolvers now on hand are ready to be shipped as directed to the Commanding Officer, Rock Island Arsenal, Rock Island, Illinois.

Please advise what appropriation should be entered on the bill of lading as chargeable with the transportation of the above.

Respectfully,

Frank E. Shepard, Superintendent

ESP:T

December 19, 1932

Mr. E. E. Lytle,
C/o Baillie Brothers Garage,
Glenwood Springs, Colorado.

Dear Sir:

Receipt is acknowledged of your letter of the 17th instant and your shipment by registered mail. Your material weighs upon receipt here 8.02 troy ounces and has been entered for treatment and payment will be made you in due course.

I have to advise that the Mint can not do any publicity work for depositors and I am therefore unable to accede to your request.

Upon resuming your operations next spring, we will be glad to receive any deposits you may forward and they will have our prompt and careful attention.

I am returning herewith the location certificate enclosed with your letter.

Respectfully,

Frank E. Shepard, Superintendent

ECF:F
Enclosure

December 20, 1932

The Director of the Mint,
Washington, D. C.

Sir

Receipt is acknowledged of your letter of the
14th instant enclosing copy of letter from the Post Office
Department relative to the use of "K" Rotary Locks assigned
to the Treasury Department and the Federal Reserve Banks.

In answer please be advised that this Mint makes
payments of coin only to the Treasurer of the United States
& to the Federal Reserve Banks and their branches, so it
would be impossible for any of the locks we have to become
mixed with the regular locks of the postal service.

Respectfully,

Frank E. Shepard, Superintendent

ECF:T

December 22, 1932

The Treasurer of the United States,
Washington, D. C.

Sir:

On the 20th instant we received from the Signal Corps of the United States Army, Fitzsimons General Hospital, a radiogram under code word "COLD". The transfer order as received by telephone was "340", but upon receipt of the radiogram confirmation this morning, the number is found to be "345".

The coin covered by this order was taken up on our transcript of account of yesterday.

Respectfully,

Frank E. Shepard, Superintendent

ECF:T

December 22, 1932.

C. Wells, dated December 21, 1932, as Superintendent
Coining Department, and designated Acting Chief Clerk,
of this institution. The penal sum is \$25,000; and
premium receipt is attached to the bond.

Respectfully,

_____, Superintendent
Frank E. Shepard

Enclosure.

F.

December 29, 1932

The Director of the Mint,
Washington, D.C.

Sir:

To enable me to meet the expenditures of this institution for the month of January, I have to request that you will kindly cause a requisition to be drawn upon the Secretary of the Treasury in the following amount with which I am to be held accountable under my bond dated January 30, 1932:

Salaries and Expenses - \$16,000.00

Respectfully,

Frank E. Shepard, Superintendent

ECF:T

December 24, 1932

The Director of the Mint,
Washington, D.C.

Sir:

On November 3rd, last, Mint Forms No. 88 were sent to the following named firms asking for bids on 96 sacks of sweeps, weighing approximately 68,040 pounds.

American Smelting & Refining Co., Denver,
U.S. Smelting, Refining & Mining Co., Salt Lake City,
Lees & Sanders, Ltd., Birmingham, England,
Kastenhuber & Lehrfeld, New York City.

Replies were received as follows - the bids being
f.o.b. truck, rear entrance of the Mint:

American Smelting & Refining Company	\$9,673.00
Lees & Sanders, Ltd.,	9,607.00
U. S. Smelting, Ref. & Mining Co.	
(Detailed bid not complying with specifications)	
Kastenhuber & Lehrfeld - Not now interested.	

As the bid of the American Smelting & Refining Company is the higher of the two active ones received, I have to recommend that it be accepted.

The originals of the bids and a copy of the summary of the sweeps furnished to each bidder are enclosed for your consideration and appropriate action.

Respectfully,

Frank E. Shepard, Superintendent

ECF:T

December 29, 1932

The Director of the Mint,
Washington, D. C.

Sir:

As requested by you, I have this
day forwarded to the Mint at New Orleans the
weights mentioned in your letter of the 22nd
instant.

Respectfully,

Frank E. Shepard, Superintendent

Enclosure

January 2, 1933

The Director of the Mint,
Washington, D. C.

Sir:

Referring to the recent sale of sweeps at this institution to the American Smelting & Refining Company, Contract No. T&R-101, which are composed of M. & R. and Deposit Melting Room sweeps and by-products, for the lump sum of \$3,573.00, will you kindly advise me as to the method the Bureau desires of taking up this sale into our accounts and in what way the difference between the value of these sweeps as shown on our Assayer's schedule for each metal and the lump sum received shall be treated, and what price shall be used in making settlement for the silver values treated, previous sales having been based on an offer of so much for each metal instead of a lump sum for the entire lot as in this instance.

Respectfully,

Frank E. Shepard, Superintendent

Enclosure

January 11, 1938

The Director of the Mint,
Washington, D.C.

Sir:

Receipt is acknowledged of your letter of the 4th instant pertaining to the accounts of this institution for the month of November, last.

Correction of entries on November bullion account current of light-weight gold coin and of gain thereon have been made in this office.

Assay reports nos. 2514, 2556, 2582, 2637, 2662, 2789, 2830 and 2890 are returned herewith with the notation that the extra charges were due to the pressure of white gold. These assay certificates had been forwarded before receiving your prior letter relative to such notations.

The instructions in the third paragraph of your letter on "deductions on bullion deposits" will be followed in the future.

The schedule of furlough deductions in the future will be forwarded promptly at the close of each month.

The schedule of collections for the month of November and also for December are enclosed herewith.

I regret that the discrepancies mentioned in your letter should have occurred and in the future greater care will be taken to avoid them.

Respectfully,

Frank E. Shepard, Superintendent

January 28, 1935.

The Director of the Mint,
Washington, D. C.

Sir:

I have obtained the following proposals for the purchase of 2,000 lbs. of refined zinc for use in minor coinage:

Evans-Wallower Zinc Co. @ 5.975¢	\$119.15
The New Jersey Zinc Sales Co. @ 6.08¢	121.60
General Lead Manufacturing Co. @ .0635¢	127.00
Belmont Smelting & Refining Works, Inc. @ .0649 ¢	129.80
Nathan Trotter Co. @ .0675¢	135.00

All the above prices are based upon the delivery of material at Denver, and as the Evans-Wallower Zinc Company's proposal is the lowest of those received, I have to request authority to accept same, payment to be made from the minor coinage metal fund.

Kindly return the enclosed papers with your reply.

Respectfully,

Frank B. Shepard, Superintendent.

OK-B

February 3, 1933.

The Director of the Mint,
Washington, D. C.

Sir:

Referring to the last paragraph of your letter under date of the 26th ult. in which you suggest that additional checkages be made relative to further deductions following the method recently declared by the General Accounting Office, I have to advise that the only adjustment appearing necessary since the period covered by the General Accounting Office (July 1st to September 30th, 1932) to date appears to be in the case of F. N. Hume, who was actually absent 5 days during the payroll period October 16th to 31st, 1932, Voucher 107, the computation being as follows:

Sheet No. 2, No. 24, F. N. Hume, Melter.	
Paid \$6.15 per day 13 days less R.D. (\$2.80)	
and compensation deduction (\$31.26)	46.89
Pay \$6.15 per day 13 days less R.D. (\$2.80)	
and compensation deduction (\$36.44)	<u>36.71</u>
	7.18

The above difference will be deducted from Mr. Hume's pay on the payroll for February 1-15, 1933, and proper notations made thereon.

Respectfully,

Frank E. Shepard
Frank E. Shepard, Superintendent.

OH-B

February 3, 1933.

The Director of the Mint,
Washington, D. C.

Sir:

Replying to your letter of the 28th ult. relative to Notices of Exceptions received from the General Accounting Office in regard to the pay of certain per diem employees of this institution, I have to advise that the differences declared by that office are correct, checking, for furlough deductions, $1\frac{1}{2}$ days' pay for each day's absence - this office having deducted $1/12$ of the amount earned each pay period, and a full day's pay for each day in excess of earned accruals, as instructed by the Bureau.

I will accordingly make deduction on the payroll of February 1-15 the differences declared by the General Accounting Office, noting said deductions in detail on the furlough schedules as being included in the totals thereof.

The enclosed Replies to Exceptions include all differences declared by the General Accounting Office save those in the case of G. M. Hill and J. J. Coady, regarding which employees I have to state as follows:

As G. M. Hill was retired from the service at the close of business September 30th, 1932, the amount declared by the General Accounting Office (\$5.59) has been collected and is

being held pending your instructions as to the proper disposition of same.

J. J. Coady's compensation is \$5.55 per diem and his total pay for the year of 313 days is \$1,737.15, 1/12 of which is \$144.76. Deductions in this amount were completed with the payroll of November 1-15, 1932, Voucher 124, and I assume that no further deductions are necessary, as the requirements of the law have been fulfilled.

Respectfully,

Frank E. Shepard, Superintendent.

the Mint.

Frank E. Shepard, Superintendent

February 21, 1933

The Director of the Mint,
Washington, D. C?

Sir:

I have your letter of the 17th instant returning pages 1 and 2 of my bullion account current for January for correction as per your pencil notations and I am now returning same to you with corrections made accordingly.

In future, the silver received for repayment in bars will be returned the depositor as closely as possible in the amount received and I regret any instances that have occurred where only a small portion of the silver so received was returned.

As requested, I am enclosing copies of receipts passed showing the sweeps delivered and received to support the collection item of \$3,673.00, proceeds of sweeps sold. I regret that these were not forwarded you at the proper time, as well as the delay in the final distribution and disposition of this item, which my bookkeeper tells me he hopes to have in proper shape shortly.

In future, our abstract will be prepared as directed by you which I consider an improvement over the method heretofore followed.

Respectfully,

Frank E. Shepard, Superintendent

CH:T
Enclosure

March 22, 1933

The Director of the Mint,
Washington, D. C.

Sir:

Enclosed please find four proposals which I have obtained for window shade material and rollers - a synopsis of the bids being as follows:

Window Shade Material

	<u>American</u>	<u>D. & F.</u>	<u>Denver</u>	<u>Joslin</u>
	<u>Para. Co.</u>	<u>Stores Co.</u>	<u>D. S. Co.</u>	<u>D. S. Co.</u>
30yds. 92" wide per lineal yd.	\$ 1.70	\$ 1.71	\$ 1.60	\$ 1.35
30 " 70" " " "	1.03	1.03	1.05	1.18

Window Shade Rollers

12" dia. x 6' long, each	1.78	1.89	1.75	2.03
12" " x 9'2" long, each	2.25	1.98	2.10	2.57

The bid of the Denver Dry Goods Company for the 92" wide material and that of the Daniels & Fisher Stores Company for the 70" wide material and rollers being the lowest of those received, I would recommend that I be authorized to accept these bids all of the articles being badly needed.

Respectfully,

Frank E. Shepard, Superintendent

April 7, 1933.

The Director of the Mint,
Washington, D. C.

Sir:-

I have to request that the blank forms, etc. listed below, be furnished for the use of this institution. Samples of the forms are attached hereto.

In this connection, attention is particularly invited to the item of manila envelopes, 2" x 3" on Form No. 2162, herewith. These envelopes are used for assay samples; and as the number of deposits during the winter months greatly exceeded our expectations, the supply is practically exhausted. Shipment of this item at the earliest date possible, will be greatly appreciated.

The Treasurer of the United States,
Washington, D. C.

Sir:

Answering your letter of the 26th ultimo relative to the shipment to this Mint by the Federal Reserve Branch Bank at Helena on April 18th, under transfer advice No. 707 of \$2,615.51 in uncurrent silver and minor coins, for which credit was given in my transcript on April 22nd, I have to advise that this shipment was received at this institution at 9:15 A.M., on said date, the post office having reported that the train on which this shipment was made was delayed by a very heavy snow storm in Wyoming, thus causing the delay to which you refer.

Respectfully,

Frank E. Shepard, Superintendent

OH:T

May 2, 1933.

The Director of the Mint,
Washington, D. C.

Sir:

Replying to your letter of the 27th ultimo in reference to my requisition for supplies of Form 570, please be advised that Form 231A could be satisfactorily used as suggested by you in lieu thereof for notifying the bookkeeper of the cashier's daily transactions and balances, or a memorandum blank form could be prepared here which would serve our purpose equally well. It will not therefore be necessary to send a supply of Form 570.

Respectfully,

Frank W. Shepard, Superintendent.

 Frank W. Shepard, Superintendent

May 6, 1933

The Director of the Mint,
Washington, D. C.

Madam:

I have your letter of the 1st instant returning one copy of my regular account current and last page of the bulletin account current for March for amendment as per your pencil notations thereon. These accounts have been amended accordingly and are forwarded you herewith and I trust will now meet with your approval.

As directed by you, retirement deductions in the case of Allen Newton, deceased, will be corrected on the pay roll of this institution for May 15th.

Regarding the discrepancy between pay roll notations and absence report in the case of J. J. Coady, the absence report should read "24 $\frac{1}{2}$ " days in lieu of "23 $\frac{1}{2}$ " days; and in the case of Allen Newton, absence report should show 18 days, 3 $\frac{1}{2}$ hours absence, and the pay roll notation should read: "Actual absence 18 days, 3 $\frac{1}{2}$ hours - 23 days' pay \$88.16". Your correction of these discrepancies will be greatly appreciated.

Excessive furlough deduction refund to W. J. St. Peters will be adjusted on the pay roll for May 15th, when \$6.48 will be deducted from the amount due him on that date and said amount impounded.

Voucher No. 270 - J. S. Brown Mercantile Company - is herewith returned with certification in the name of the company.

Regretting these inadvertencies, I am

Dear Madam:

Receipt is acknowledged of your letter of the 5th instant, together with photostat copy of a letter of May 22nd from T. G. Hatheway, Assayer in Charge, United States Assay Office at Seattle, Washington, relative to gold bullion molds.

We are shipping today two of our standard 1000-ounce gold bullion molds of gray cast iron which conform nearest to the dimensions specified in Mr. Hatheway's letter.

Our 1000-ounce molds of chrome-nickel castings are out of stock and we will order two of same and ship to Seattle in about one week.

Respectfully,

Frank E. Shepard, Superintendent

Dear Madam Director;

I have to acknowledge receipt of your radiogram of the 21st instant relative to the appointment of Mr. Skinner and Mr. LaFollette as Superintendent and Assayer, respectively, of this institution, and upon receipt of this radiogram, I immediately communicated its contents to Mr. Skinner. He promptly called at my office and after a conference with Mr. Bates, Chairman of the Settlement Committee and myself, agreed to accept the contents of all sealed compartments in our vaults and designated Mr. Oscar Hinrichs, Chief Clerk, to represent him during the remainder of the settlement work.

Respectfully,

Frank E. Shepard, Superintendent

July 1, 1923

The Director of the Mint,
Washington, D. C.

My dear Madam Director:

I have to recommend that Clarence C. Malmstrom ,
at present employed as Assayer at this institution with com-
pensation at the rate of \$4800 per annum, be appointed Junior
Assayer at \$7.00 per diem, effective from date of oath.

In this connection I have to advise that owing to
the large increase in the number of our deposits, the present
force in our Assay Department is finding it difficult to keep
up with the work and the addition of an extra employee will
greatly facilitate the work of that department.

Respectfully,

Enclosure

July 10, 1933

Hon. Mark A. Skinner,
Superintendent, United States Mint,
Denver, Colorado.

Dear Sir:

I beg hereby to tender my resignation as Private Secretary to the Superintendent of this institution, the same to become effective July 31st, 1933.

Respectfully,

(Mrs.) Frances E. Torrence

July 11, 1926

The Director of the Mint,
Washington, D. C.

My dear Madam Director:

Enclosed please find Oath of Office
bearing even date of Bruce B. LaFollette, Assay-
er at this institution.

Respectfully,

Mark A. Skinner
Mark A. Skinner, Superintendent

Enclosure

July 11, 1933

The Director of the Mint,
Washington, D. C.

My dear Madam Director:

I have to enclose Form 3-R-15 covering the deductions made from the salary of Lincoln E. Spangler, now deceased, which has been duly executed by Frank E. Simenton as nearest friend, together with letters of administration appointing Mr. Simenton administrator of the estate of Mr. Spangler.

I am also enclosing certificate of death from the City Health Department No. 9445, together with pay roll for personal services (short form) evidencing the amount of salary due Mr. Spangler up to the time of his death.

Respectfully,

Mark A. Skinner, Superintendent

OH:T
Enclosures

July 11, 1933.

The Treasurer of the United States,
Washington, D.C.

Sir:

I am in receipt of unfit coins from Mr. A. Webber of 77 West Washington Street, Chicago, Illinois, consisting of \$20 in quarters and \$24 in dimes. A number of the pieces can be readily classified as uncurrent coins, while most of them are rather smooth.

I enclose a sample piece of each of the latter and desire to know if they should also be classified as uncurrent coins or as mutilated coins.

Respectfully,

Mark A. Skinner
Superintendent.

P.

July 12, 1933

The Director of the Mint,
Washington, D. C.

My dear Madam Director:

Complying with the request contained in your letter of 6th instant, please find enclosed statement showing retirement deductions to be credited to the employees of the United States Mint at Denver, individually, for the fiscal year 1933.

Respectfully,

Mark A. Skinner, Superintendent

Mark A. Quinn
SUPERINTENDENT

July 12 1933

The Director of the Mint,
Washington, D. C.

My dear Madam Director:

Complying with the request contained in your letter of the 26th ultimo, I am herewith enclosing reports of operations of the various departments of this institution for the fiscal year ended June 30, 1933.

There were no outstanding features during the year worthy of comment.

At the close of business June 30th there were 71 employees on the roll of this institution.

Respectfully,

Mark A. Skinner, Superintendent

OH:T

July 14, 1933

The Director of the Mint,
Washington, D. C.

My dear Madam Director:

I regret to have to report that last evening a number of children were playing in the rear of this building, jumping from the retaining wall into the alley and one of them, a little girl, Peggy Binn, who lives at 323 West 14th Avenue, fell and received painful bruises about the head with a possible contusion of the brain, although this latter has not yet been determined.

The Mint guards are continually warning the children to keep off the Mint premises which they frequent during the evening hours to play on our lawn and walk on top of the coping and the retaining wall in question, but I regret to say they pay small heed to all warnings and entreaties to keep off the Mint premises.

I will keep in touch with the family whose child has sustained the above injuries and will report further to you if she does not speedily recover.

Respectfully,

Mark A. Skinner

July 14, 1933

The Director of the Mint,
Washington, D. C.

My dear Madam Director:

Referring to letter of this office under date of June 20th, last, I have to advise that our stock of short form 39-A has now become entirely exhausted and we are using a supply of the long form which has been held for use in such an emergency. As this supply will not last very long in view of the large number of deposits daily being received at this institution, I would greatly appreciate your courtesy in expediting as much as possible the shipment of the supply of these forms requested in our requisition of April 7th.

Respectfully,

Mark A. Skinner
Mark A. Skinner, Superintendent

OH:T

July 15th, 1933.

The Director of the Mint,
Washington, D.C.

My dear Madam Director:

Enclosed please find forms "Certificate by Disbursing
Office/Mint Service", duly executed as requested in your letter of
the 11th instant.

Respectfully,

Wm. A. Rimmer

Superintendent.

H.
